Music Quiz

The music quiz is something that is not only fun to take part in, but also allows a great deal of group interaction and bonding to take place.

We all like to think that we know all of the artists that played on specific tracks and the title of the song that is being played, but when it comes to taking part in a quiz, and remembering a specific year etc it is amazing how our brains know the answer but we struggle to actually remember and get the facts right.

This quiz has been highly successful and is one of the highlights that people really enjoy. The rivalry is amazing, and the laughter is non stop. To see the competition that takes place between the opposing teams is absolutely fantastic, and how each team tries to put the other one off is really great fun.

Anyone who takes part in this activity is in for a real treat, and you can be sure that they will come away knowing that they have had a great time, and enjoyed the company of others at the same time.

This is a fully inclusive activity that anyone is welcome to take an active role in. We can even delegate different individuals to create their own quiz on a rota system so that everyone has the opportunity to lead the activity and enjoy being the quiz master.

If you would like to take part in this activity, please get in touch with us and we will arrange to set up an assessment so that you are able to become part of the fun.
